Building a European community of experts on AI Regulatory Sandboxes

Natalie Bertels, imec-CiTiP-KU Leuven

Establishment of the International Expert Group on Regulatory Sandboxes for AI

Purpose

- Provide a platform for national experts to exchange ideas, good practices, and solve issues related to AI regulatory sandboxes.

Establishment of the International Expert Group on Regulatory Sandboxes for AI

Goals

- Short-term: Help overcoming national challenges to lawfully establish regulatory sandboxes for AI and facilitate knowledge sharing.
- Mid-term: Facilitate scale up and implementation of regulatory sandboxes for AI on a transnational and European level.
- Long-term: Support the fine-tune regulatory sandboxes and conduct large-scale horizon scanning from technological and regulatory perspectives.

Establishment of the International Expert Group on Regulatory Sandboxes for AI

Format

- Core Steering Committee
- Associated Members

Establishment of the International Expert Group on Regulatory Sandboxes for AI
